Indian Society of Prosthodontics-Restorative-Periodontics (ISPRP)

Indian Society of Prosthodontics-Restorative-Periodontics (ISPRP) is a growing and constantly evolving association with new thought provoking advanced concepts in all the 3 dental specialties to share treatment philosophies and ideas with an interdisciplinary approach for dental care that was incepted in the year 2007. Since its inception with 27 members from the three specialties, ISPRP enables its members to expand their knowledge and clinical skills to introduce the new concepts, materials, techniques and devices.

The theme for the ISPRP 2022 "TOGETHER TOWARDS TOMORROW" is aimed not only at a comprehensive and holistic management of patient care but is also directed towards providing scientific guidance to the dental fraternity as well.

WELCOME MESSAGE

Sri. K.V. Vishnu Raju

Chairman

Sri Vishnu Educational Society

It gives me immense pleasure to invite the delegates to the ISPRP National Conference 2022. On behalf of Vishnu Dental College and Sri Vishnu Educational Society, I extend a hearty welcome to all of you.

The idea of having an interdisciplinary Society in the area of dentistry namely, Periodontics, Prosthodontics and Endodontics is commendable. It's also interesting to know that the formation of this Society took place exactly 15 years back in February 2007. Interdisciplinary academics, including teaching, research and clinical has become the order of the day in all fields. I am extremely happy to note that the society publishes 'The Journal of Interdisciplinary dentistry' to bring out the latest research in the various fields of dentistry.

I wish the participants have good number of takeaways from this conference and wish the event all success.

Vishnu Dental College (VDC), located in Green Meadows campus, Vishnupur, Kovvada, Bhimavaram, Andhra Pradesh is affiliated to Dr NTR University of Health Sciences. The institution was initiated by Padmabhushan Awardee Dr B. V. Raju in the year 2002 as a constituent college of Sri Vishnu Educational Society.

VDC is NAAC-accredited and NIRF-ranked as the 23rd best dental college in India. The college offers Undergraduate (BDS), Postgraduate (MDS), Doctoral (PhD) and Diploma in Dental Mechanics courses.

2021	 23rd Rank in India	 Accredited	1st Institute in Asia using RFID tagged Instruments in clinics		20th Rank in India	2021
------	---	---	--	---	--	------

The college and hospital are equipped with state-of-the-art facilities, Comprehensive Clinics for Under-graduate training and 8 Speciality Clinics for Postgraduate training. The college is furnished with advanced equipment and follows stringent infection control protocols for training both undergraduate and postgraduate students.

VDC practices innovative teaching-learning methods such as Small Group Teaching (SGT) and Clinical Shadowing integrated with Apple i-pad ecosystem supported e-learning services.

Vishnu Dental College has a dedicated Community Outreach department that engages the students in various grassroots initiatives to provide oral health awareness to the rural population. Various flagship programs and 30 Rural Satellite Clinics offer a wide range of positive learning experiences for students while providing required dental services to the under-served.

The new innovative practice being carried out at our Institute is using LM-Dental Instrument Tracking System via RFID technology. VDC is the very first LM Dental Tracking System™ user in the region of Asia. This practice provides a holistic approach for effective infection control documentation, asset management and cost-efficiency.

Setting up of CSSD (Central Sterile Supply Department) is another milestone in the evolution and transformation process of VDC.
